To build a Christ-centered, open-minded community of worshippers that are caring, loving, sharing & family oriented. Our community of worshippers will be alert to changing needs, and committed to involvement in worship, education, outreach and communication.

Salt was literally worth its weight in gold in ancient times. It was vital for preserving food before the invention of refrigeration. Also, people cooked food very quickly to preserve fuel. Salt thus helped bring out the flavor of the meal. It was also used in the Kosher process; whereby excess blood was absorbed from meat. Once the salt had completely soaked up this fluid it was useless for anything except for drying icy or muddy roads. Jesus may have had several of these aspects in mind when he spoke of his followers as having to be "salt for the world."
